The AbilityOne Program

The AbilityOne Program, formerly JWOD is a nationwide industry program that creates employment opportunities for individuals who are blind or severely disabled.

There are 80+ non-profit associated agencies of National Industries for the Blind that manufacture and assemble products for the government under the brand name, SKILCRAFT®.

The AbilityOne Program consists of a network of authorized wholesalers, distributors and independent small business dealers.

Please visit www.abilityone.gov and www.nib.org for more information.

SKILCRAFT® USB FLASH DRIVES*

Anti-Virus/Malware Protection • 256-bit AES Encryption

In November 2008, The Department of Defense revoked the use of standard USB Flash Drives. New DOD requirements should include USB drives with FIPS 140-2 Encryption plus anti-malware protection.

SKILCRAFT® USB Flash Drives with UltraLock™ and MegaLock AV™ feature McAfee AV Scan resident on the drive. MegaLock AV™ is hardware-based 256-bit AES Encryption, FIPS 140-2 Level 2 Certified.
